Hello! So – isn't it fun receiving a makegood before the flight even starts?!? On Thursday, 8/9, we are running the Ravens Preseason game and in PA there is the pregame special. Jeop was ordered at 4500 and Wheel at 3500 for 8k total. I actually have a couple of spot left in the actual game. I could place 2x at 4k each in the game on 8/9 if that works for you.

Let me know😊
